## Event Volunteers

Load and unload our truck, set up and take down crates, tables, chairs, etc., talk to potential adopters, keep an eye on the animals, etc.

## Mission Statement:

To reduce the overpopulation and suffering of dogs and cats through education and low-cost spay/neuter programs and to rescue, vet and place adoptable dogs and cats into good permanent homes.

## Foster

All of our dogs and cats live in foster homes until they are adopted. That saves us money because we don't have to pay boarding or shelter fees. It also gives our potential adopters a more realistic idea of what that pet is like, and allows us some time to teach the dog or cat how to be a good family member.

## Transportation

Transport dogs to and from events, help get cats and dogs to spay/neuter appointments, transport Planned Pethood dogs and cats to various veterinarian appointments, etc.

## Create a Food Drive or Kitty Litter Drive

Help our foster homes with items we need everyday. Put on your own Kitty Litter Drive or Food drive. Collect as much as you can.

- Instead of birthday presents
- As a gift in honor of someone
- For your retirement party
- Collect money and purchase in bulk

## Truck Driver

Move our supply truck to and from our Adoption Events. Usually on Saturday mornings and/or late afternoons
