## Molly & Diane

In April of 2014, Molly, a shih tzu, was surrendered

to Planned Pethood. Molly had been surrendered because her owner, a single woman, had passed away. Molly had been with her adoptive mom since she was a puppy, and was nearly 7 years old. It was obvious that Molly was well-loved and had received excellent care. The stress of losing her mom had taken a toll on Molly, and she arrived at her foster home with an emptiness in her eyes and she was extremely frightened. She hid from her foster family at first, but her sweet, loving personality emerged slowly.

Meanwhile, an application arrived in Planned Pethood's inbox. The applicant, Diana, who had recently lost her beloved dog. Diana adored her dog and was still grieving. Although she could not replace her dog, she hoped to find a new one to love. There was one obstacle; Diana is allergic to most dogs.

Nevertheless, Planned Pethood's matchmaker set out to find a dog that matched Diana's criteria. She was looking for a non-shedding or low-shedding dog between the ages of 5-7. Because Diana's retired parents always provided doggie day care for her dog, she needed a pooch that would warm up to her parents.

Molly became a candidate to meet Diana, but it all depended on whether or not Diana would have an allergic reaction to Molly. Molly's foster took her to Diana's home. It was clear that Diana was still emotional over the loss of her previous dog. An hour later, it was determined that Molly had not caused an allergic reaction. Molly explored Diana's home, enjoying the doggie beds and toys. Diana's parents arrived to meet Molly. All went well and adoption took place.

Diana provides regular updates to Molly's former foster mom, and the updates are always heartwarming. The timing was perfect for Diana and Molly, and a match was made that continues to fill a void for both Diana and her sweet girl, Molly. Little Molly has also been a great source of joy for her grandparents and enjoys taking walks with them every day while her mom is at work.

Although helping animals is the focus of rescue work, we know that the animals pay it forward by enriching the lives of their people.

## **Adopt a Senior Pet Month**

To celebrate, Planned Pethood is offering reduced adoption fees for senior dogs. Now thru November 30th, adoption fees for senior dogs are only

**\$25.**

To view all of our adoptable dogs,  
visit [www.plannedpethood.org](http://www.plannedpethood.org)

### **Celebrate Senior Dogs With PlannedPethood**

To celebrate National Senior Dog Month PPI is extending our special offer until December 25, 2015. Until December 25, 2015 senior dogs are \$25. Also, active-duty service people and veterans will receive \$25 off any dog adoption fee this month. Our senior dogs are clearly marked on our website. Some top reasons senior dogs make great new family members:

1. Housebroken! An older dog can "hold it" much more reliably for longer periods.
2. No chewing! Older dogs are not teething puppies, and won't chew your shoes and furniture while growing up.
3. What You See Is What You Get! Unlike puppies, older dogs have grown into their shape and personality. Puppies can grow up to be quite different from what they seemed at first.

4. A good night's sleep! Older dogs are accustomed to human schedules and don't generally need nighttime feedings, comforting, or bathroom breaks.

You can view all our dogs available for adoption, including our senior dogs, by clicking [HERE](#).

>>>>> We are extending this special offer

until December 25, 2015!!!!!!

### **Thank You Trivia Players!**

Thank you to all of those who joined us for the Mike Sevi Trivia night. We raised over \$900 that evening.

### **Make Your 2016 New Year's Resolution Involve Dogs & Cats**

1. Get myself and the dog more fit with a walk around the neighborhood more often.
2. Catnip! Toys for the cat for fun and exercise. Let's all get trim!
3. Volunteer with Planned Pethood. Maybe I'll do a bake sale? Maybe I'll offer respite care over a holiday weekend? Maybe I'll help set up at adoption events? All I know is I want to do more and I'm going to figure out how.
