

Certificate of Recognition

Planned Pethood Inc.

30th Birthday Celebration

The Board of Lucas County Commissioners is proud to honor you for your heartfelt commitment to the welfare of cats and dogs in Lucas County.

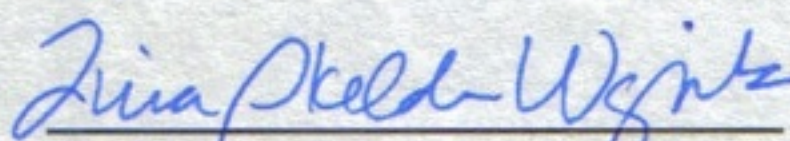

Planned Pethood's mission of encouraging animal adoption, spaying and neutering, battling breeding mills, stopping animal abuse, and fostering an awareness of the dignity of animal life has elevated the lives of both animals and people alike.

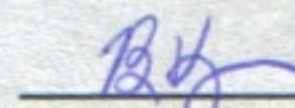

Your dedication to our furry friends has helped save thousands of animals and place thousands more in caring and loving homes. In the process, you have also raised awareness of pet welfare issues through volunteer training and educational programs.

Lucas County is proud to honor you and commemorate 30 years of dedication to the quality of life of our felines and canines.
